Use SpanishPRO to build your business.

Expand your services, customer base and revenues.

Whether you're a freelance trainer or training organization, our expertly-designed content—part of the only comprehensive curriculum in the U.S. to teach workplace Spanish—will help you gain customers.

SpanishPRO's immersion system was created to give training professionals the following advantages:

A Complete, Practitioner-Based System

Our materials are high-quality and come as a complete package—with instructor's and participant's guides, PowerPoint slides, tests, and audio CDs.

Exceptional Content at Affordable Prices

Our programs are competitively priced (allowing you to maximize your profits) without sacrificing quality.

Trainer Certifications

Our Certified Workplace Language Instructor (CWLI) program prepares you to deliver content in a classroom setting.

Accredited and Recognized

Our programs have been developed by St. Augustine College and Instituto Cervantes, respectively accredited and respected experts.

About SpanishPRO

The Institute for Workforce Education of St. Augustine College, a national leader in workforce development products and training, and Instituto Cervantes, the world's leading ambassador of the Spanish language and culture, have teamed up to provide organizations the best of both worlds—workplace training expertise and the best Spanish language content.
